Dear friends,

in December 1991 the Historical Society for Updating the Legacy of the Czech Reformation VERITAS was established. The goal of the Society is to study the history of the Churches of the Czech Reformation and to make the findings public by an appropriate way and to evolve the impulses of the Czech Reformation in these ways:

1. Historical research in the branch of the History of the Christian Church focused on the Czech Reformation.
2. Research in the branch of genealogy focused on the important ancestries of the protestant history.
3. Presentation of the results of the research work to all who take interest in it, including the younger generation (exhibitions, lectures, work assemblies, etc.)

We offer you membership in this Society. It is not necessary to be a historian or to have any special education in history to become a member. The members of **VERITAS** are professional historians, however, the major part of members are, rather, favourers, fellows and others interested in the goals of the Society.
